

FATAL MISHAP TRIAL STARTS THIS MORNING

Trial of David J. O'Keefe, 19, of Hanover, on an involuntary manslaughter charge resulting from a fatal accident at Cross Keys April 29 started late this morning in the Adams County court, following the trial of Glenn W. Griffin, New Oxford, charged with driving while under the influence of intoxicants.

Monday evening at 5:20 o'clock another jury, hearing the burglary and larceny charge against Bonnie Lee Howard, itinerant negro worker from Bigsville R. D., found Howard innocent after deliberating for two hours.

Taking of testimony and hearing arguments of attorneys in the Griffin trial were completed about 11:15 o'clock this morning. The court, rather than hold the jury over the noon hour, decided to postpone its charge until 1:15 o'clock this afternoon.

On O'Keefe Jury

That jury was then excused until this afternoon and the O'Keefe jury selected. Named to that jury were: Richard G. Cline, 644 Highland Ave.; Roy C. Garber, New Oxford R. 1; Alvin Garrick, Littlestown R. 2; Eugene C. Lemmon, Hampton; Robert Lemmon, New Oxford R. 1; Wendell Lehman, York Spring; Clarence E. Lough, New Oxford; L. E. Myers, Ardenville; Joseph F. Staub, Gettysburg R. 5; Margaret E. Tate, Baltimore St.; Kenneth M. Tawney, 131 Baltimore St., and Ralph Weikert, Gettysburg R. 5.

Testimony in the O'Keefe trial began following the charge to the Griffin jury. District Attorney Daniel E. Teeter told the jury just before noon that O'Keefe was operator of a car which crashed into a motorcycle operated by Robert S. Slothour, Hanover, at 11:45 p.m. April 29 about 100 feet from the Cross Keys intersection. The motorcycle was in the middle lane, preparatory to making a left turn, Teeter said, when the car driven by O'Keefe smashed into the rear seat of the motorcycle was fatally injured.

Griffin Jury

The jury hearing the Griffin case included: E. R. Allard, East Berlin; Lloyd Cooley, Aspers; Mrs. Mary Craybill, Gettysburg R. 4; Harold Deardorff, Fairfield R. 1; Dorothy H. Drumm, Aspers; Mrs. Marie Ecker, Gettysburg R. 4; H. B. Fidler, York Springs; Robert D. Fidler, York Springs; Mrs. Louise S. Hull, Gettysburg R. 3; Mrs. Ada Reinacker, Abbottstown R. 1; Mrs. Theresa Smith, 28 Fourth St., and Roy Weaver, Gettysburg R. 4.

Testimony in the Griffin case concerned details of an accident in

PACKARD MODELS HAVE MANY NEW POWER FEATURES

Two new, large displacement V-8 engines, offering the highest horsepower and torque performance available in the medium-price field, power the new 1956 line of Packard Clipper cars.

A 270-horsepower V-8 engine with a torque rating of 320 foot pounds at 2800 rpm powers the Custom models. Clipper Super and DeLuxe models are powered by a 240-horsepower V-8 engine with a torque rating of 350 foot pounds at 2800 rpm.

Both engines are of 352 cubic-inch displacement, highest in the medium-price field.

High-Torque Performance

High-torque, considered by engineers the most important characteristic of a modern, high performance V-8 engine, is emphasized in the Clipper V-8 engines. So much so, that each of the Clipper V-8 engine torque ratings exceed all other engines in the Clipper class.

High-torque endows the Clipper V-8 engines with far greater get-away and safer passing at high speeds on the highway. They have been proof-tested by millions of miles of all-out testing. Although years ahead in concept, they are composed of soundly engineered elements that have been proved in engines over the years.

Both engines operate at a 9.5 to 1 compression ratio, highest in the industry for the medium and upper-medium price fields. This high compression ratio is basic to the outstanding ability of the Clippers to deliver more useable power along with an increase of 15-20 per cent in fuel economy.

Features New Plugs

The high compression ratio has been achieved without subjecting spark plugs to a beating. Clipper V-8 engines feature a new combustion

President's Office In Post Office

Robert Montgomery, presidential TV advisor, and James C. Hagerty, White House press secretary, discuss camera difficulties in the President's office in the post office. Montgomery told Hagerty that the office was too small for telecasts that will be made during the President's stay here. Both men will inspect larger quarters elsewhere in Gettysburg.

CBS, NBC UNITS ARETELECASTING LOCAL SCENES

While U. S. citizens followed on their TV sets the President's move to Gettysburg, local residents saw familiar scenes Monday night as the CBS and NBC television networks telecast the events of the President's arrival here Monday.

At 6:45 p.m. the CBS Douglas Edwards newscast was beamed here over WTOP showing on film the President's departure from Washington; the motorcade; final preparations for his reception in Gettysburg; his office in the post office building; the welcome by Burgess William G. Weaver to the Eisenhowers; Mrs. Eisenhower's elation over the flowers presented by Burgess Weaver's daughter for the citizens of Gettysburg and the singing of "Happy Birthday;" the President's brief talk and the Eisenhower's farm home. "Live" shots were shown of Lou Shollenberger, CBS correspondent, as he interviewed Charles Utz, local barber, in front of Faber's luncheonette; the post office building, and the Presbyterian Church where the Eisenhowers worship when in town.

Shollenberger asked Utz, who was going home from work, what he thought of Monday's reception and Utz replied, "Greatest reception I have ever seen." Shollenberger reported that the President took a nap upon his arrival at the farm and that the doctor reported his examination of Ike after the nap showed no fatigue. Major Walter Tkach, assistant White House physician made the examination.

At 7:15 p.m. CBS presented the same news cast over station WMAR. The NBC television network carried a film and "live" recording of Monday's happenings on the John Cameron Swayze news cast at 7:45 p.m. On a map of Gettysburg they pinpointed the battlefield, the Eisenhower farm, and the post office. Shots of Ike's arrival and the inside and outside of the post office were on film. "Live" shots included those of Lincoln Square taken from the roof of the Hotel Gettysburg.

Eisenhowers Request Their Thanks Be Extended To Local Citizens For Warm Welcome

"The President and Mrs. Eisenhower have asked me to tell the people of Gettysburg how much they appreciate and enjoyed the warm welcome they received in Lincoln Square this afternoon."

This statement was made by James C. Hagerty, White House Press Secretary, at the first official White House press conference ever held in Gettysburg. It was conducted in the spacious press room in the Hotel Gettysburg auditorium on Monday afternoon.

Hagerty later asked a reporter for The Gettysburg Times to stress the Eisenhower's appreciation of the "welcome home" program early Monday afternoon.

Press Facilities Praised

Hagerty also expressed his thanks and appreciation to Henry M. Scharf, manager of the Hotel Gettysburg "for providing such excellent press facilities here."

The working press and photographers said the facilities are "as good, if not better, than any we have ever had."

President Tours His Farm Today

GETTYSBURG, Pa. (AP)—President Eisenhower, like any farmer who has long been away from his acres, toured his farm today and looked over the livestock. He also went over the adjoining property of his friend George Allen.

Eisenhower wore a light brown Western style hat, a gabardine jacket and a bright-colored shirt. He made the tour in his "jeep" with a fringe on the top, accompanied by several other men. The President got out of the jeep and strolled around at least once, looking over some Holstein cattle.

He moved vigorously, shaking his arms now and then as if to warm up. The weather was crisp and clear with the temperature in the 40s.

Youth Admits He Made Bomb That Exploded In Big Air Liner Killing Mother And 43 Others

DENVER #—In dispassionate tones, John Gilbert (Jack) Graham related last night how he rigged 25 sticks of dynamite to explode aboard an airliner carrying his mother and 43 other persons.

All 44 were killed Nov. 1 when the big United Air Lines DC6B blew up near Longmont, Colo., and crashed 11 minutes after it had left Denver.

Graham, a 23-year-old convicted forger, did not reply when asked whether he felt remorse.

U. S. Atty. Donald E. Kelly said the Denver construction and restaurant worker signed a "written admission" earlier that he killed his mother Mrs. Daisie E. King, 54, to collect her \$37,500 air flight insurance.

Insurance Was Invalid

Ironically, the insurance was invalid because his mother had failed to sign it before she left

Denver's Stapleton Airfield for Spenard, Alaska, and a visit with her daughter Mrs. Helen Ruth Hablutzel. The policies were taken out at the airport by Graham.

Graham was also in line to receive a fourth of his mother's estate, estimated at \$150,000.

Details of Graham's plot were reported by David Stolberg of the Rocky Mountain News.

Construction of the bomb was begun Oct. 18 or 19, Graham said. Parts of it included the dynamite—40 per cent explosive and 60 per cent packing, a timing device, a six-volt dry cell "hotshot" battery, and two dynamite caps. Each of the caps was connected to about eight feet of wire.

Used Mother's Suitcase

Graham said he unpacked parts of the contents of a large suitcase belonging to his mother and replaced them with the bomb.

"I placed this suitcase in the trunk of my car with another smaller suitcase and a briefcase which my mother had packed to take with her on the trip," he recounted.

Graham said he picked up his mother, his wife, Gloria, and 20-month-old son, Allen, at a Denver garage, where Mrs. King had stored her car, and drove them to the airport. He let them out at the terminal and parked his car.

Graham, also the father of a 9-month-old daughter, Susan, said he then bound the large suitcase with web straps while at the parking site. He carried all the luggage to his mother in the terminal and waited about 30 feet away while she checked it.

PRESIDENT IS FEELING FINE AFTER JOURNEY

(See full page of Eisenhower photographs on Page Seven).

At his regular press conference in the White House press headquarters in the Hotel Gettysburg auditorium this morning at 10:30 o'clock, James C. Hagerty, White House press secretary, reported that Dr. Howard Snyder, the President's personal physician said the President had had a "top-notch night" and was feeling fine today. The President and Dr. Snyder had breakfast together this morning about 8 o'clock and then walked around the farm. The President also rode around the farm in a covered jeep with Ivan Feaster and two others.

Mr. Eisenhower wore a grey sports coat, brown stetson, and a plaid sports shirt.

The walk taken by the President was the longest he has had since his illness and he was also outdoors for a greater period than at any time since his hospitalization began. The President went outside shortly after breakfast and was still examining his farm when Hagerty left him at 9:45 a.m. In that time he walked about a quarter of a mile, stopping here and there to inspect new shrubs and trees that he had not seen.

Examines Spruce Trees

He went first to his new greenhouse looking toward the main highway at the right of the house and then to his shrubs. He then walked down the lane to the point where the spruce trees are being planted. The spruce, 48 of them, were a birthday gift to the president by the Republican State Chairmen of all 48 states. Flowering quince trees are being planted alternately with the spruce on the lane. They are also a gift to the president.

Mr. Eisenhower expressed pleasure at the way the farm was looking, especially at the condition of the shrubs and trees.

Hagerty reported that the President was extremely interested in the Denver airline tragedy and had been shocked by the turn the case has taken. He has evidently kept himself well informed on the situation, he said.

Robert Montgomery Present

Present at the press conference was Robert Montgomery, stage and screen star and TV advisor to the President. Hagerty said that a number of recorded and TV messages would be prepared in advance of need while the President was here under Montgomery's direction. This is in keeping with a White House custom where the President prepares such messages a month or so in advance of meetings of conventions of national groups. One such message contemplated while the President convalesces in Gettysburg will be an advance recording for the White

Program Here Was Restricted Under Physician's Order

Gettysburg's short but rousing welcome of President and Mrs. Eisenhower Monday afternoon was kept as simple as possible by order of the President's physician who was desirous of not overtaxing the President so early in his convalescence.

As a result, while there were many distinguished Adams County citizens present in the gathering, all eager to greet the President and Mrs. Eisenhower, Burgess and Mrs. William Weaver and their daughter, Patty, acted for all countians in the presentation of the flowers and birthday greetings to Mrs. Eisenhower and in their salute to the President. Numerous other county residents had bouquets and presents for the First Lady, but in deference to the request of the White House physicians only the official greeting was permitted.

44 STUDENTS AT ALFRED U. VISIT COUNTY PLANTS

Forty-four senior students of The New York State College of Ceramics, Alfred University, Alfred, N. Y., visited the Keystone Ridgeway Corporation plants at Gettysburg and Bendersville Monday to study the manufacture of floor tile. They were accompanied by Dean J. F. McMahon and Dr. W. J. Sutton of the college engineering department.

Alfred University is the largest ceramic college in the United States and offers ceramic engineering, glass technology and ceramic art. The University requires such plant trips for engineering degrees. The Keystone Ridgeway plants were selected "because of their efficient modern plants and high standards of quality." The process of manufacture was explained during the tour.

Guests At Luncheon

At Bendersville, the students were conducted through the plant by Marvin Fox, superintendent, and Marvin Pond, technical director, and at Gettysburg by Roger Hoffnagle and Kenneth Deardorff who are in charge of production.

The students were luncheon guests of John J. Reimer, president of the Keystone Ridgeway plants, at the Hotel Gettysburg who presented each student with a gift.

Reimer and Pond are graduates of Alfred University. Pond became associated with the local company last July, and has had eighteen years experience in Ceramics having been associated previously with Olean Tile Company. He and Mrs. Pond reside at Ridge Ave.

Library Observes Tenth Book Week

The Adams County Free Library is celebrating its tenth Book Week (November 13-19th), marking the 37th annual observance of Children's Book Week, it was announced this morning by Mrs. Oren H. Wilson, librarian.

The library is decorated with "Let's Read More" posters and a number of children's books are on display. Each boy and girl visiting the library this week will receive a book mark.

The story hour will be held Friday afternoon beginning at 3:45 o'clock during which Mrs. Marjorie Hinkle will read stories to the children who come to the library.

ROTARY CLUB OBSERVES 35TH ANNIVERSARY

The Gettysburg Rotary club observed its 35th birthday anniversary Monday evening with its first president M. C. Jones, presiding.

President Philip M. Jones, son of the first president of the club, not only relinquished the gavel, but left the head table to "turn the whole show over to the original group."

At the speakers table were the four surviving charter members, Edmund W. Thomas, president of the First National Bank of Gettysburg, who was chairman of the founders committee which established the local club, Dr. Chester N. Gitt, local dentist, Frederic E. Griest, Flora Dale fruit grower, and M. C. Jones, head of the local furniture companies for many years and now head of the Stouck-Reaser Co. "Back Where I Started"

Each of the four told various phases of the establishment of the club and its activities during 35 years.

First President Jones, noting "I'm back where I started" at Monday's meeting, said, "It has been 35 years of hard work and good fellowship. We have gone through rough times and good times, and 35 years out of the middle of a man's life takes up a goodly portion of it. We have seen a lot of good men come into Rotary and we have seen a lot pass on too soon. The influence of many of the early members is still felt today."

"We organized in October 1920 with John Rudisill, of York, then district governor aiding in our formation. November 15, 1920 we held our charter night meeting at the Old Eagle Hotel and there must have been 150 there. The York club turned out in great numbers and there were 20 of us."

Dr. Gitt spoke of attendance at a number of Rotary International conventions.

Display Bouquets

Mr. Griest, recalling that he was president of the club in 1932 observed, "I see only five or six here who were members when I was president. But with the change in personnel, the central ideals of Rotary have continued on unchanged."

Bank President Thomas said he had become interested in Rotary at Reading. Upon his being named to the First National Bank here he decided there should be a Rotary club in Gettysburg. He wrote to such officials of Rotary as he knew and was asked to get together a nucleus

"BUCK NIGHT" CHEST CANVASS IS SUCCESSFUL

Residents of the Gettysburg area donated \$1,226.50 toward Community Chest Monday evening in the "Buck Night" campaign conducted by members of local organizations who volunteered to act as solicitors for the special canvass.

The money raised Monday brought to \$15,181.60 the amount secured so far in the current Chest campaign, leaving the drive \$4,518.40 short of its goal.

Community Chest officials were high in their praise for the one night solicitation made by the service club members and the response of the public to the special effort.

Gather On Square

Members of the Lions, Rotary, Kiwanis, Exchange, Soroptimists, Junior Chamber of Commerce and Beta Sigma Phi gathered in Lincoln Square at the YWCA at 7:45 o'clock for instructions in their duties. The members lined up by teams and then began a door-to-door canvass that extended out into the area immediately adjacent to the borough.

The special canvassers reported they received a good response from the public, most of whom were at home watching for Gettysburg pictures on their television sets.

They sought one dollar contributions from every adult and in return gave a receipt with the wording "The Gettysburg Community Chest Board of Directors gratefully acknowledges the receipt of one dollar contribution toward the 1955-1956 Gettysburg Gettysburg Community Chest Fund, November 14, 1955, signed John C. Stahl, fund chairman."

Money raised by Community Chest supports the Recreation Association, YWCA, Boy Scouts, Girl Scouts, Civic Nurse and Library.

A schedule of rental charges for use of the new 1,500-seat high school auditorium and the new elementary school auditorium was adopted, a new teacher was elected and selection was made of a new accountant to make the annual audit of Gettysburg School Authority bond issues at the November meeting of the Gettysburg Joint School Board Monday evening at the high school.

Although some directors expressed the opinion that the rental charges for the big, new auditorium are "too high," the schedule of charges was adopted with only one dissenting vote.

The rates had been proposed in a written report submitted by the Finance and Planning Committee after the committee had gone over rate schedules of many other high schools in this area.

Three Rates Fixed

The approved rates follow for the high school auditorium:

For a private concern charging admission for a profit, \$150 per day or night performance and \$75 for each rehearsal; for a private concern charging no admission, \$100 per day or night and \$50 per rehearsal; for service clubs and other community organizations for public benefit, \$80 per day or night and \$35 per rehearsal.

A flat rate of \$25 per day or night performance was set for use of the auditorium in the Keefeauver building without regard to the type of use to which the room is to be put.

Charge For Overtime

The board specified that all school equipment used by renters can be used only under school supervision. A fourth of the rental is to be paid in advance and any damage to school property beyond ordinary usage will be at the expense of the renter. Renters must be out of the auditorium by 11:30 p.m. each night or an overtime charge of 10 per cent will be made for each half hour period it is used after that deadline.

No rental schedule was set up for the cafeteria in either school or for the high school gymnasium which will be available only to school organizations or to groups given school board permission.

On recommendation of the Teacher Committee, the board elected Mrs. Jane Hockensmith Yost, now a senior at Shippensburg State Teacher's College, as a first grade teacher at the Meade School to succeed the late Miss Maybelle Herter. Mrs. James Feather is now serving there as a substitute. Mrs. Yost will begin her duties in January.

Choose Ness Company

The board recommended Harry Ness and Company, York certified public accountants, to the local school authority as the new auditor of the three local school bond issues to succeed C. Samuel Daley, who recently resigned. Philip Dunn of Gettysburg had offered to do the work at \$200 per bond issue, the rate Daley had been getting. Another York firm offered at \$125 per bond issue but the Ness firm's price was \$95 per bond issue per year "as a ceiling price" with reductions expected in years to come as the volume of work dwindles with the regular retirement of bonds.

The directors voted to take out a comprehensive public liability insurance policy after letters were read from two insurance companies and Attorney John A. MacPhail, Mr. MacPhail, who attended the meeting as school board counsel, told the directors he believes the school district would be liable for some types of damage occurring during football games or while the auditorium is rented. He cited several recent Pennsylvania court opinions on such cases. Competitive prices are to be secured on the insurance.

To "cut down racing and protect our laws" the board approved a Property committee recommendation that the school drive between the high school and the Keefeauver

UTILITY SETS SAFETY RECORD

Employees of the Gettysburg area of the Manufacturers Light and Heat Co. are among those who have been cited for working one million man-hours without suffering a disabling injury, local manager Julian N. Estep announced today.

The million-hour record was established by the 266 employees of the Manufacturers Light and Heat, Cumberland and Allegheny Gas Co. workers supervised from the Cumberland, Mr. district office.

The 266 workers have a record of 726 days, dating back to November 4, 1953, without a disabling injury. Estep said the local company's record is even better. The last "lost-time" accident of the gas company in the Gettysburg area occurred June 27, 1952.

Each employee will be presented with a company award in recognition of the safety record. Estep said Manufacturers has 55 employees in the Gettysburg area to serve its 7,000 customers.

YWCA DIRECTORS MEET; ANNOUNCE FUTURE PROGRAM

The November meeting of the board of directors of the YWCA was held Monday evening at the Y with Mrs. John S. Rice, vice president presiding. Mrs. Guyon E. Buehler conducted the devotion on the theme of Armistice Day, World Fellowship and Thanksgiving with a prayer for the Eisenhower and a few moments of silent meditation in memory of Mrs. Florence Grider, "faithful worker of the YWCA for many years."

Mrs. Clark Smith, finance chairman, gave the treasurer's report and a summary of the financial outlook for the coming months. The board gave permission to the finance committee to do whatever they deemed necessary to make it possible to carry on the work of the association in the event that the Community Chest is not able to assist.

The following events were announced: Thursday evening the Business and Professional Women's Club will conduct their third session of "A School for Modern Living" at 7:30 p.m. at which time Mrs. Rice will speak on "Social Amenities." The Public Affairs Committee will hold an open meeting on November 22 at 2 p.m. when the World Health Organization will be discussed. Each noon this week a brief service will be held at the Y in honor of World Fellowship Week. This is followed by a light luncheon for those attending the service. On Sunday, December 4 at 3:30 p.m. the annual ceremonial of "The Hanging of the Greens" will be held under the joint chairmanship of Mrs. Robert Portenbaugh and Mrs. Milton Wagner with Mrs. Wayne Keet in charge of the tea table.

Mrs. M. Hadwin Fischer, membership chairman reported an increase in the Junior memberships and expressed the hope that more adults would lend their support to the work of the association.

The following women served at the Y last month: Mrs. Gertrude Weikert, Mrs. James Howe, Mrs. Sarah Doll, Mrs. C. T. Tipton, Mrs. Jessie Easterday, Mrs. Milton Remmel, Miss Martha Lentz, Mrs. Frank Kramer, Mrs. Perry Tawney, Mrs. M. Hadwin Fischer, Miss Rebecca Sachs and Mrs. Floyd King.

Mrs. Conway S. Williams, executive secretary, announced that there had been 87 meetings at the Y in October with 1,159 people attending and 103 volunteers helping with club meetings, Y-Teen work and assisting in the office.

TWA DIRECTOR TALKS TO LIONS

"This is a top-side down world with a shrinking time co-ordinator," Philip Geary, assistant education director of TWA, told members of the Gettysburg Lions Club Monday evening at their regular meeting at the Shetter House.

Using as his theme, "Socrates and the Air Age," Geary spoke on "three questions Socrates might ask if he were placed in our world of today—Where Am I? What Am I? and Why Am I?"

"In response to the first question the answer might be, in a world where the continents are narrowing every day," according to Geary. In answering the second question, he stated, "In the world in which we live today we are closer to being the one family man." In answer to "Why Am I?" Geary believes the possibility that "the design for living is so that when we conquer one frontier there will always be another one to conquer."

Chairman Harry Ridinger announced that all plans have been made for the annual football trip which will take place Sunday when the group travels to Baltimore to see Baltimore and Los Angeles meet in a National Professional Football League game.

Robert Atorfer, Philadelphia, was a guest at the meeting which was attended by 90. President Earl Ziegler presided.

FIRE AUXILIARY ANNOUNCE PLANS

Mrs. Francis Yingling, president of the Gettysburg Fire Company Auxiliary, appointed a welfare committee at a meeting of the organization at the fire house Monday evening at which 31 members were in attendance. The committee includes: Mrs. Donald Scott, chairman; Miriam Gastley, Hilda McSherry, Sophia Linn, Mildred Bowling, Mrs. Verna Myers and Mrs. Helen Fox. The women will distribute baskets to the needy at Thanksgiving.

Kathleen Heiges reported on the recent meeting of the Women's Civic Council. The auxiliary will sell home-made cakes and fudge at the men's corn party Friday evening at the engine house. Mrs. Heiges will call for donations at the donors' homes if she is contacted.

Elections will be held at the Christmas party, December 12. Fifty cent gifts will be exchanged among members. The refreshment committee includes: Mrs. Harold Dayhoff, Mrs. Guy Poth, Mrs. Paul Fox, Mrs. Garlach and Mrs. Donald Folkenroth.

Legion Auxiliary To Hold Christmas Party

Members of the American Legion Auxiliary made plans to hold a Christmas party for children at a meeting Monday evening at the post home. Mrs. John Diehl was appointed secretary to fill the vacancy created by the resignation of Mrs. William Pinko, who resigned because of ill health. The women will assist members of the Albert J. Lentz post at the Yuletide affair, which is for children of members of both organizations.

Mrs. James Howe was appointed the new sunshine chairman to replace Mrs. Diehl. Mrs. Pearl Wiser reported on the recent meeting of the Adams County Home Auxiliary in the absence of the auxiliary representative, Mrs. C. A. Deitch.

Announcement was made that the membership campaign is currently in progress. Mrs. Henry Garvin, chairman, requested members to pay their dues. A letter was read from Lloyd Alridge, a student at the Scotland School, who has been adopted by the auxiliary, reporting Thanksgiving activities at the school.

Refreshments were served by Mrs. Henry Dickert, Mrs. George Martin and Mrs. Howe. There were 20 members in attendance.

Speech Specialist Speaks To Principals

Miss Joan Simmons, speech and hearing specialist for the county schools, was the speaker Monday evening at a meeting of the Adams County Elementary Principals Association held at the office of the county superintendent of schools.

She outlined the types of difficulties in speech and hearing encountered among the school children and expressed her appreciation to the parents and elementary principals and teachers in "cooperating to correct these conditions."

President Lewis Bosserman presided at the meeting.

Police Find Car Abandoned Sunday

The car Peter Cooper, Wyckoff N. J. lost Friday was found quickly when police were notified this morning.

Wyckoff, a college student staying at the Sigma Chi house, Carlisle St., told police at 9:15 o'clock this morning that he had been unable to locate his car since Friday. He said he made all possible inquiries to determine if some friend may have borrowed the car, but was unable to locate it.

Borough police called state police to give a description of the missing vehicle. State police heard the description and said "tell him to go to Biglerville. We've had the car in the garage up there since Sunday when it was abandoned on the street."

PRESIDENT IS

(Continued from Page 1)
House conference on education on November 28.

Montgomery feels that the space in the President's office in the post office is inadequate and he and Hagerty will inspect other locations for such use.

Irked By Photographers
Hagerty stressed the need for the President to have as much privacy as possible during his convalescence in Gettysburg. He said:

"Now I have one other problem that I would like to discuss with you and that is the problem of the convalescence of the President and the privacy of the President during his convalescent period. I think that you all know me, and I am addressing myself particularly now to the photographic services. We will try to work out as soon as we can some shots in or around the farm where you can get the President in various activities or various inspections around the farm that he may be making."

"I know the problem that you gentlemen have with your editors and with your home offices, but it is virtually important to the welfare and the health of the President that he be allowed to walk around the farm without having, or without being conscious of, telephoto lenses on him at all times."

Addresses Only A Few
"I am addressing myself particularly to only one or two individuals and not the entire photographic crew. But it would be deeply appreciated by myself and by Dr. Howard Snyder, the President's personal physician, if the photographic people would in effect 'play ball' with the recovery of the President and keep those long-range lenses off him as much as they can."

"If we are conscious, or if the President is conscious, every time he goes out of the house that cameras are going to be on him, it will tend to limit his movements. It will tend to deprive him of the exercise, or walking or fresh air and sunlight that he needs for this convalescent period."

"I am sure that nobody in this room — I am sure that nobody in any news-gathering agency — would want to do that. So again I am making a direct appeal, through you gentlemen, to public opinion, which I am sure will back me up in this instance."

Will Arrange Shots
"And just as soon as possible, we will arrange to get some photographs or some shots that I know all of you need."

"But until then, as I did in Denver, I will appeal once again to public opinion to permit the President to get the convalescence that he needs so that he can get back to the White House on his job as soon as possible."

President's Health
To direct questions about the President's health, Hagerty said that he personally thought that the President was feeling fine and that his physicians were "very much encouraged" by the fact that he showed no signs of fatigue or higher pulse or blood pressure following the excitement of his trip and the emotional connected with Monday's greetings by Gettysburg residents.

He noted that examinations following the President's return from Denver were highly satisfactory. X-rays and fluoroscopes after exercise and climbing steps showed no sign of any heart enlargement, no increase in pulse or blood pressure and that the doctors had stressed this was a "fine medical report." The President is also in excellent spirits.

Sherman Adams, assistant to the President, will fly to Gettysburg at 2:30 o'clock this afternoon and will be met by Hagerty and taken to the farm for a meeting with the chief executive. Hagerty will report any news stemming from the meeting at his press conference at 4 p.m.

Hagerty said that the President would not visit his office in the Post Office today.

About thirty-five reporters attended the press conference in addition to cameramen, newsreel photographers and others.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Elected Pastor: Rev. Geo. H. Reen, of St. Louis, Mo., was on Sunday, unanimously elected pastor of Christ Lutheran church. It is understood that Rev. Reen will accept the call.

Will Spend Winter In West: R. H. Gilmore, of Carlisle, formerly of Hotel Gettysburg, accompanied by his wife and mother-in-law, Mrs. Lindsay left Friday for Los Angeles, Cal., and other points, in that state. They will be gone during the winter.

Livery Change: J. H. Hemler has sold his half interest in the City Hotel Livery to Guyon Bruner, George Warren being the other half owner. Mr. Hemler has moved to the Washington House where he will open a complete new livery.

Cold: Yesterday morning was the coldest of the season. The thermometers about town registered from 15 to 20 degrees above zero. The creeks were frozen over and ice on still water froze to the thickness of an inch.

Change At People's Drug Store: Wm. M. Edmondson, who for some time was employed in the People's Drug Store, has accepted a position in Harrisburg. W. M. Keet, of Harrisburg, a graduate of the Philadelphia College of Pharmacy, and a student of Jefferson College for a year, has Mr. Edmondson's place.

The Low Dutch Graveyard: During the years from 1765 to 1775 colonies of Dutch from New York and New Jersey emigrated to Conewago, Pa.

About two miles east of Hunters-town is the ancient burial place of the colony, locally known as "The Old Low Dutch Graveyard." It is a historical spot, located near the geographical center of Adams County, and is one of the oldest burying grounds in the county.

There rest many of the pioneers who blazed the trail, fought the Indians, cleared out and conquered the primeval forest.

The kindred of many of these early settlers have long since been removed, and few are left to keep in repair this sacred place which is now forsaken and neglected. To neglect a place like this is an indication of national and spiritual decay.

An effort is being made to rebuild the wall, put the graveyard in order, and endow it. Considerable money had been raised, but not sufficient. We have asked for \$700, but have only \$500.

Contributions for the work can be sent to Miss Jennie T. Montfort, Gettysburg. From One Interested.

Opening: John L. Sheads, who last week bought the building and confectionery business of R. R. Long, Chambersburg street, made his debut to the public by having an opening Saturday evening. Mr. Sheads will spare no pains in making the stand one of the best in town. He is a hustler and we hope that his latest venture will prove a success.

Remember! Bumbaugh Will Receive a car load of that fine New York state cabbage in a few days.

Grand Army Banquet: The members of Corporal Skelly Post No. 9, G.A.R., held their annual banquet in the post hall Monday evening. The banquet was prepared by the Ladies of the Grand Army. About 100 were present to enjoy the feast and entertainment that followed.

In the absence of Commander P. L. Houck, who was detained by sickness, Capt. C. G. Miller acted as toast-master. Speeches were made by Rev. Fletcher Van Orsdel, of Montana, who is visiting here, Prof. Calvin Hamilton, Jacob Kitzmiller, Hon. Theodore McAllister, Gettysburg; C. P. K. Walter, Biglerville; Geo. Seitz, Liberty township, Comrade Harbaugh, Fairfield and others.

The entertainment part of the program was exceptionally good and the "Old Boys" enjoyed themselves greatly.

Today's Talk

INTERESTS
We all like to associate with, and tie to, those who have an interesting personality — a personality that is being constantly fed by a number of interests. Whether man or woman, those with a variety of interests are the men and women from whom we are always sure to profit.

To have an interest in books, art, music, sports, politics, travel and nature, just to name a few, is to keep enlarging your life, and I am certain that there will be added many years, and an enjoyment not possible to the one with but one object in life — that being just to get enough to eat!

The friend with many interests is always a delightful companion, and one always welcomed by those of his kind. I have a friend who, with his charming wife, gives small, but delightful parties. Each guest will be one of many interests, so that to meet any one can easily be made an event! I am sure that people of many interests are longer — and happier — for they leave so little time to think of worries, fears and resentments. Interests take us out of ourselves and conduct us to a different world. They make us more selfless and generous, for we like to have other people enjoy what we have found to be so personally thrilling. It gives us pleasure and happiness to spread ourselves out. We do not drop out of our lives those people, whose interests absorb so much of their time, because we need, such people to give us occasional cheer, and to help us forget our disappointments.

People who travel are usually people of many interests for they are forever investing in interesting creations that help to flavor their entire trip while away from home, and yet more intimately, when they have returned home. You can't have too many interests — if you can handle them all!

Tomorrow Mr. Adams will talk on the subject: "Capacity"

Just Folks

YOUR BEST
When you hear something mutter that a slighted task will do, or some careless toiler tries to show an easier way to you, pay no heed unto his counsel; spurn his plea to stop and rest. Nothing's good enough, remember, if you haven't done your best. If a little more of effort and a little extra care.

Would improve the task you're doing, give it promptly then and there. Take the longer route to splendor; take the harder road to fame. For a duty that is lighted is a blight upon your name. Never leave a thing you've started till you know you've done it well. It's your honor and your courage that your finished work will tell. There are times when toil is irksome, and perfection seems afar.

But remember by your labor men shall know you as you are. Heed no man who counsels shirking! Here the course of duty's plain. By the pathway of indifference one shall never worth attain. Face the world erect in honor, fit to meet the sternest test. Good enough will lead to failure. To succeed requires your best! Copyright, 1955, by Edgar A. Guest

3 Tongues Bring Linguistic Woes

SAN ANTONIO, Tex. (P)—She's only 6 years old and she was born in this English and Spanish-speaking city, but little Anita Diaz is having to learn her native languages for the first time.

She speaks only German. The pretty, dark haired girl is the daughter of S. Sgt. and Mrs. Trinidad Diaz, just back from a 6-year tour of duty at Kaiserslautern, Germany. They went overseas shortly after her birth here.

DOLL USES BOTTLE
AUSTIN, Tex. (P)—A man complained he was assaulted by his two girls, "Lovey" and "Baby Doll." "Baby Doll," he said, used a beer bottle.

assisting in operating a corn husking machine on the farm of Edgar Shriver, in Liberty township, Luther M. Zimmerman of Emmitsburg, who is a member of the firm of Zimmerman & Shriver, met with a very painful accident. When in the act of taking a corn husk from the rolls of the machine, the rolls caught his glove and pulled his right hand into the rolls. Mr. Zimmerman succeeded in pushing the belt from the pulley and the machine was stopped as soon as possible, and with the aid of levers the rolls were pried apart sufficiently to release his hand, which was badly torn and the flesh mashed.

The little finger and the one next to it were very badly cut and bruised, but fortunately no bones were broken. Mr. Shriver brought Mr. Zimmerman to town in "double quick time," where his injured hand was dressed by Dr. J. W. Eichelberger, and is doing as well as could be expected.

ACCIDENTS, FIRE, SHOOTING CAUSE 13 FATALITIES

By THE ASSOCIATED PRESS
Highway accidents in Pennsylvania over the weekend took the lives of 11 persons. In addition, there was a fatal shooting and another person burned to death. Three young men, including a soldier and sailor on leave, were killed in the most serious accident, a crash near Tyrone on Sunday. An auto veered out of control on Rt. 350, bounced from an embankment across the highway into a guard rail and utility pole.

James S. Winters, 20, a soldier, William D. Zimmerman, 19, a sailor, and Albert F. Nixon of Altoona all were killed. Both servicemen were from Tyrone.

Returns To Camp
Winters was to return to duty at Ft. Monmouth, N. J., and Zimmerman was on leave from Great Lakes Naval Training Station. Joseph Lucas, 19, of Tyrone, a fourth passenger in the car, escaped injuries.

At Old City, Kenneth Karns, 21, died Sunday of injuries suffered last Friday in his overturned car. The vehicle struck a utility pole on an Old City street after it overturned.

Terrence Demorest, 6, a first grade pupil at Somerset, was fatally injured by an automobile Friday. The 6-year-old was struck after he stepped from a school bus near his Feasterville home.

Two Brothers Die
Two young brothers were killed Saturday night by an automobile on a rural road north of Williamsport. They were Calvin Gehr, 14, and Richard Gehr, 11. A third boy, 11-year old Richard Kurtz, was injured. The boys were from Warrenville.

Richard Bernard, 15, of suburban Drexel Hill was shot to death inside an abandoned Delaware County farmhouse Saturday. Police said the shot, from a 22 caliber rifle, was fired through a window by another 15-year-old, William McShea, who was unaware Richard was inside. The two boys were gunning companions.

At Pennell, a Philadelphia suburb, James Marrow, 36, of the Bronx, N. Y., was killed Saturday in the collision of his car with a utility pole. Police said Marrow's car ran off the highway, breaking the pole.

Falls From Car
Miss Beryl Bock, 20, of Shippensburg died at Chambersburg Hospital Saturday from injuries received in a fall from a car that climbed an embankment on Rt. 11 and rolled back onto the highway. Police said the driver, identified as Donald Wadel, 18, also of Shippensburg, suffered minor cuts.

An automobile left the highway on the outskirts of West Chester Sunday and struck a low-hanging branch of a tree fatally injuring

Two cars collided near Greensburg Saturday night, killing Eugene Lind, 28, of Sagamore. Seven other persons were injured, one of them critically. One of the cars was carrying a group of high school football fans on their way home. The crash occurred on Rt. 180 in Penn Twp. Critically injured was Jack Troup, 23.

Burned In Home
Mrs. Bessie Langdon, 80, was burned Saturday in her Indiana County home at Glenn Campbell, near Punxsutawney. A fireman carried Mrs. Langdon, who was partially paralyzed, from her blazing home. The cause of the blaze could not be determined.

Barr, Duff At Odds Over State Elections

HARRISBURG (P)—Sen. Barr, Democratic state chairman, and Sen. Duff (R-Pa.) were at odds today over the significance—if any—of last Tuesday's municipal elections.

The results of the election, Barr said in a weekend statement, "practically write off Sen. James H. Duff as a serious contender for re-election next year."

On the other hand, Duff told a news conference in Washington that he saw no "special significance" in the elections and has no doubts about his own re-election.

Court Upholds Death Sentence

PHILADELPHIA (P)—Pennsylvania's Supreme Court today upheld the death sentence imposed upon Harry Gossard, East Conemaugh, Cambria County, for the Halloween eve slaying of a six-year-old girl.

Gossard, 39, was convicted of the Oct. 28, 1954, murder of little Karen Mauk.

Chief Justice Horace Stern wrote the unanimous opinion which upheld the Cambria County Court of Oyer and Terminer which had fixed the sentence after Gossard had pleaded guilty.

Gossard had appealed the death sentence imposed by three judges of the court after a hearing.

Stern said in his opinion that Gossard had admitted that all his life he has been a "sexual degenerate, enticing and preying upon many females including 'dozens'—even 'hundreds'—of children of tender age."

In his confession Gossard was quoted as saying that the girl died during an attempted illegal act.

OWLETT WANTS "GRASS ROOTS" GOP REVIVAL

HARRISBURG (P)—G. Mason Owlett, Republican national committeeman, Monday called for a "old-fashioned, grass roots" revival of the Republican party in Pennsylvania in preparation for next year's presidential election.

In a speech prepared for delivery before the 33rd annual convention of the Pennsylvania Council of Republican Women, Owlett said:

"With a few notable exceptions, we Republicans made a sorry showing at the polls (in last Tuesday's elections). It's no use trying to pretend otherwise. As I see it, our job now is to take stock, learn a lesson from our setbacks, learn to build and reinvigorate our party."

In last Tuesday's municipal elections Republicans lost ground in numerous longtime strongholds although they gained a Senate seat in Luzerne County.

Owlett also called for "more adequate recognition of our women members" through consultation on candidates, in campaigns and on party policies.

One of the purposes of this year's convention is to map a program for a bigger voice by GOP women in the party's affairs.

"We have a terrific organization, but we want to be used effectively," said Mrs. William M.

Trucks Lost In \$200,000 Blaze

HARRISBURG (P)—Fire swept the loading platform of the Pennsylvania Motor Express Co. Sunday causing damage estimated by Manager R. K. Criswell at \$200,000.

The fire, of undetermined origin, also destroyed two trucks, and damaged six other trucks and the first floor of the company's building.

One of the trucks destroyed was loaded with electric razors and clocks, the other with chemical solvents.

William C. McBride, acting fire chief, said the fire was contained after spreading through the loading platform. However, the searing heat from the chemicals in the truck charred the whole first floor.

Rosenfield, Towanda, retiring council president.

"The women should have a voice in the choice of candidates and we should be invited into the regular party councils to discuss such choices," she added.

The council is preparing a resolution calling for "more than the long ranking lip service from men GOP leaders who promise greater recognition to them in party activity."

FORMER LABOR SECRETARY DIES

WASHINGTON (P)—Martin P. Durkin, the Democrat who was President Eisenhower's first Secretary of Labor, died Sunday after a long illness.

The 61-year-old union leader—he was president of the AFL Plumbers Union—had been hospitalized much of the time since he was stricken with a brain tumor 14 months ago.

Durkin resigned from the Eisenhower Cabinet Sept. 10, 1953 after serving seven months. He contended Eisenhower had violated a pledge to seek Taft-Hartley law changes which Durkin had recommended. The President replied that he never had broken a promise to anyone.

Durkin died at Georgetown University Hospital, where he had twice undergone brain surgery and been hospitalized three times during his illness. At his bedside were his widow, the former Anna H. Mc Nicholas, and their three sons.

Funeral arrangements are incomplete.

Oklahoma, Maryland And Michigan State Lead Poll

By THE ASSOCIATED PRESS

Oklahoma, Maryland and Michigan State again are the Big Three in the balloting to determine the nation's top college football teams, proving once more that you not only have to win but you have to win big to stay on top.

These three retained the positions they assumed last week in the Associated Press poll of sports writers and broadcasters, but easily winning Oklahoma stretched its lead while Maryland, the leader two weeks ago, barely clung to second place.

With 204 sports experts casting ballots, Oklahoma's margin over Maryland jumped from 51 points to 167. Maryland's second-place edge over Michigan State dwindled to just eight points. Scoring is on the basis of 10 for each first-place vote, 9 for second, etc.

Oklahoma came first on 103 of the 204 ballots for a total of 1,844 points. Maryland, with 46 firsts, tallied 1,677 points, and Michigan State drew 37 firsts and 1,969 points. Notre Dame took over fourth from UCLA by a margin of 1,193 to 1,154.

Mountaineers Are 13th
West Virginia, sixth a week ago, polled only 109 points after taking a solid 26-7 beating from Pittsburgh and fell to 13th. The teams behind the Mountaineers each advanced one place so Michigan, Texas Christian, Texas A&M, Ohio State and Georgia Tech round out this week's first 10.

The scores show the obvious reasons for the changes in the balloting. Unbeaten Oklahoma racked up Iowa State 52-0 for its 53rd consecutive game without defeat in the Big Seven. Maryland had to come from behind to beat Clemson 25-12 and stay on top of the Atlantic Coast Conference.

Michigan State, scenting a Rose Bowl possibility, concluded its Big Ten campaign by assaulting Minnesota 42-14, while Notre Dame trampled North Carolina 27-7. The leaders with first-place votes in parentheses:

1. Oklahoma (103)	1,844
2. Maryland (46)	1,677
3. Michigan State (37)	1,669
4. Notre Dame (2)	1,193
5. UCLA (6)	1,164

JOHNNY PODRES MAY BE DRAFTED

BROOKLYN (AP)—Johnny Podres, the southpaw with the pain in the back who became a pain in the neck for the New York Yankees in the World Series, probably won't know for 10 days or so whether he'll be drafted.

The 23-year-old lefty, who won twice for the Brooklyn Dodgers in the series, including the decisive seventh game, went through not one but two physical examinations yesterday. After an Army doctor and an orthopedic specialist finished their probing, however, there still was no decision on his draft status.

It's probable the doctors' reports have been forwarded to the surgeon general's office in Washington for the final decision, which will be announced by Podres' Tienderog, N. Y., draft board. His home is Witherbee, N. Y.

When the second examination was finished, Podres hunched his shoulders and said, "I don't know a thing more."

Should Podres, who was listed as unfit physically for military service in 1952, now be accepted, he'd have a two-year tour of service ahead.

Podres was unable to touch his toes during tests yesterday. He was wearing a foot-wide harness around his middle because of a displaced disc in his back.

DELONE JUNIOR HIGH GRIDDERS DOWN SCOTLAND

Delone Catholic Junior High football team brought to a close a highly successful season as it spanked Scotland Junior High 26-0 in the McSherrystown gridiron Monday afternoon. The game was originally scheduled to be played two weeks ago, but due to inclement weather was postponed. The little Squires bowled out with five wins and one loss, that being at the hands of Camp Curtin.

Both teams were held to a standstill during the first period with the game being played around the midfield stripe. It wasn't until the opening seconds of the second frame that the little Squires displayed their power. After John Gastley returned a Scotland punt 32 yards to the opponents 13, little Don Weaver, fast moving fullback, skirted left end for the remaining yardage and a Delone score. Gastley's run for the extra point was stopped just short of the goal line and the Squires were in front 6-0.

Capitalize On Fumble
Coach John Folmer's lads came right back near the end of the period to score seven more points. After recovering a fumble on the Scotland 11, Gastley banged off left tackle to place the ball on the one-yard line. On the next play Pete Lawrence bucked over on a quarterback sneak. Gastley passed out the flat to end Paul Gebhart for the extra point and the Squires led 13-0.

After the ball moved back and forth during the early part of the third stanza, Delone took over on the Scotland 40. Pete Lawrence flipped a pass to John Gastley which covered 23 yards and placed the ball on the Scotland 17. Gastley then swept wide around right end for the 17 yards and a TD. Gebhart was stopped on an end-around and Delone led 19-0.

Gastley, who up to this point scored one touchdown and figured in the first two, was on the move again in the final frame. With Delone in possession of the ball on the Scotland 30-yard line, Pete Lawrence faded back and tossed an aerial to Gastley who took it in on the 12 and raced over for the final score. Ben Bair bolted over from the two to add the extra point and Delone was on top of the final score 26-0.

Ends Fine Season
Gastley, who hails from Gettysburg, picked up 54 yards on six carries and raced 12 yards after a pass for a total offense of 66 yards. Throughout the season he scored eight touchdowns and four extra points for 52 points. Coach Folmer substituted freely in the final period and many of the reservists turned in fine performances.

Pitt Bidding For Post-Season Game

PITTSBURGH (AP)—Pitt's football team got down to hard contact work today in preparation for the season's finale against Penn State Saturday. The game probably will decide whether Pitt gets a post-season bid.

Although Pitt has lost three of its nine starts, the Panthers have upset Duke and West Virginia, already are under consideration for the Gator Bowl.

Fullback Tom Jenkins and reserve end Freddy Glatz missed yesterday's workout because of injuries but both are expected to see plenty of action against Penn State at University Park. Otherwise, the Pitt squad is in excellent physical condition.

RICHMOND CLUB IS SOLD

RICHMOND, Va. (AP)—A six-man syndicate now owns Richmond's International League baseball club after a surprising deal in which the only big loser apparently was former owner Harry C. Seibold.

The syndicate purchased the team's triple-A franchise, equipment and player contracts for \$20,000 yesterday at an auction held by the Internal Revenue Service, which had seized the club's assets. The government put the team up for sale to satisfy tax liens totaling \$79,218.68.

No only did Seibold lose his club, but he still owes the government \$45,315.97 on the tax claim. Applied to the original lien were the \$20,000 auction sale price and \$13,302.71 received for recent player sales.

Seibold, who operated the club since Richmond received the triple-A franchise two years ago, did not show up for the sale.

The syndicate is comprised of Richard S. Reynolds Jr., Fritz Sitler, E. Claiborne Robins, Dan Friedman, Milton Market and Jack Bernstein. All are Richmond businessmen.

The purchasers must still satisfy additional debts totaling some \$48,000 held against the territory. They also must be approved by the International League.

TWO GIANTS FIGHT TONIGHT

LONDON (AP)—Ewart Potgieter, the African giant, takes another step tonight in his campaign to prove he's "a fighter and no freak."

The 7-2, 320-pound South African defends his unbeaten record against James J. Parker, who's something of a giant himself. The former Canadian cowboy is 6-5 and weighs 224.

"Pottle"—that's how the ring world knows him—has won all nine of his professional bouts inside the distance. And a quickie against Parker could be a short cut to fame and fortune.

Thus far, he's faced little known foes. Parker is his biggest test. Parker, however, has had only three fights since November, 1953, and isn't considered dangerous because of his rustiness.

In all, the Canadian has had 34 bouts. He's won 26. Three were draws.

About a year ago, Parker lost a 10-round decision to Nino Valdes, currently the No. 3 challenger among the heavyweights.

school be closed off with chains and with roadside posts to keep the cars off the new lawns. The luminous-painted chains with warning signs attached will bar the roadway back of the new high school auditorium and at E. Confederate Ave. The chains will be locked and keys held by the janitors, the police and the fire department. During the same discussion, the board gave borough police authority to make arrests and control traffic on the school property.

Order Health Exams

After an inquiry from a director about health inspections of the school cafeterias and their staffs, the board directed that cafeteria employees submit to annual physical examinations by the school physician at the expense of the school district. The local Board of Health will be consulted about cafeteria inspections.

Dr. R. D. Wickerham, board president, reported that a study is being made by board committees and the Metropolitan Edison Company on school grounds lighting plans including illumination of the roadway between the high school and the Keefeauver building.

Changes ordered in lighting at Lincoln school have been delayed because the electrician employed to do the work has been "tied up" on preparations for President Eisenhower's coming. It was explained by Business Manager Kenneth Reinhardt Jr.

Re-organize In December

Dr. Wickerham announced that the joint board will re-organize at its December meeting and asked local boards to conduct their own elections and make committee assignments before that time. October bills totaling \$8,181 were ordered paid.

The monthly report of the treasurer, the Gettysburg National Bank, showed a current balance of \$19,293 in the joint district treasury after a month's expenditures of \$59,202 and tuition receipts of \$30,791. The monthly report of the athletic fund showed a balance of \$1,942 after receipts of \$1,724 and expenses of \$1,401. The current balance in the school activities fund was given as \$1,709.

The high school cafeteria report for October showed meals served 21 days to an average of 514 pupils and 36 adults with a net profit of \$563. The Keefeauver cafeteria report showed an average of 419 meals served to pupils and 24 to adults on 21 days last month. The net profit there was \$146.81. Profits stay in the cafeteria fund to be used for replacement of equipment.

The meeting adjourned at 10:30 p.m.

to the passengers' gate where we told my mother goodbye and watched her board the plane with the other passengers," Graham continued.

Then he took his wife and son into the airport coffee shop.

"We were in the coffee shop for approximately one hour, and as we were leaving I heard the cashier say that there had been a wreck of an airplane about 40 miles out of Denver," he related.

Graham, who has been a student at Denver University, was arrested early yesterday at his home, where his mother also lived.

He waived a hearing on a "peacetime sabotage" charge yesterday and was jailed in lieu of \$100,000 bond. The charge carries a maximum penalty of 10 years in prison and \$10,000 fine.

A decision is expected within a day or so on further prosecution.

BERRIOS BOWS TO COURCHESNE

NEW YORK (AP)—If you ever saw Bobby Courchesne, a 20-year-old Holyoke (Mass.) featherweight, you know he must like to fight.

He showed that familiar zest for battle last night at St. Nicholas Arena while winning a majority decision over Miguel Berrios of Puerto Rico. Two judges voted for crewcut Bobby and Referee Pete Della called it a draw.

The Courchesne family (seven girls, two boys) is proud of Bobby, a rough and tumble 128-pounder.

Pop Courchesne practically pulled Bobby out of bed mornings to get him up for road work.

"If it hadn't been for me, I guess Bobby wouldn't have been a fighter," he said.

Pop was present last night to see Bobby, 128, win over Berrios, 128, despite a closing spurt by the game little Puerto Rican. Berrios' punches were sharper but he waited too long to start his stretch run.

Both NBC and CBS had local shots this morning at 7:30 o'clock. NBC had a live telecast in the Hotel Gettysburg auditorium, the weather forecast and the square. CBS had shots of Lou Shollenberger with his on the spot report and an interview of Henry M. Scharf, manager of the Hotel Gettysburg, by Wells Church, CBS correspondent.

Mobile TV units have been set up behind the Hotel Gettysburg to cover the news here.

Eisenhowers

(Continued from Page 1)

Secretary of State John Foster Dulles is due Friday with a report on the Geneva conference.

The Signal Corps staff in Gettysburg comprises 14 persons. The switchboard at the farm has been supplemented by another at the post office. Hagerty explained about the office setup at the post office for the President, Assistant to the President Sherman Adams and their secretaries. Direct lines connect all the offices, the farm, post office and the other staff personnel.

Official government dispatches are received in Gettysburg in code, sent to the crypto room (code room) whose location remains a secret and are relayed to the President.

Special Police Coming

Uniformed White House policemen will be on duty at the post office but business will continue as usual there. Other Hagerty announcements were:

Two planes will be available for official business visits to the Eisenhower farm. (Governor Adams was the first to fly here, arriving this afternoon.) The President may fly to Washington on occasion. A desk, leather chair and leather sofa will be in Mr. Eisenhower's office in the post office.

Hagerty will have his office in the auditorium as will Wayne Hawks, chief of records; Dewey Long, chief of transportation and communications; secretaries and others.

Mrs. Eisenhower, who celebrated her birthday Monday, sent a congratulatory telegram to Colonel Williams, Franklin, Texas, one of four surviving members of Confederate veterans, who celebrated his 113th birthday Monday. The wire read: "Please accept my warmest congratulations on your birthday."

Kelley said.
The U. S. attorney met with state prosecutors to consider whether Graham should be turned over to them for prosecution on murder charges, punishable by death in Colorado.

With his mother, Graham had been operating a drive-in restaurant in South Denver. Officers said he was paying off \$4,200 worth of checks he forged against a Denver concern. Mrs. King paid \$2,500 of the amount at the time her son received a five-year suspended sentence on conviction of forgery in 1951.

Dramatic Recital Set For Wednesday

MISS ESTHER M. DOYLE

Miss Esther M. Doyle will give a dramatic recital of the play "The Corn Is Green" in the SCA building, Gettysburg College, Wednesday evening at 8:30 o'clock. The local branch of the American Association of University Women and Gettysburg College will co-sponsor the affair, which is open to the public.

Miss Doyle is a visiting professor for the arts program of the Association of American Colleges and for the past several seasons has given programs in nine states.

"The Corn Is Green," written by Emyln Williams, played on Broadway in 1941 with Ethel Barrymore in the leading role.

Maryland Will Play Oklahoma In Bowl

GREENSBORO, N.C. (AP)—Maryland's unbeaten football team today accepted an invitation to represent the Atlantic Coast Conference in the Orange Bowl Football Game against Oklahoma Jan. 2 at Miami, Fla.

Conference Commissioner Jim Weaver announced from his office here that Maryland, No. 2 team in the nation, back of Oklahoma, was the unanimous choice of ACC faculty chairmen who voted in a special poll.

The pairing against Oklahoma will serve as a rematch of the 1954 Orange Bowl game when Oklahoma upset the top-ranked Maryland team, 7-0.

Big 4 Powers Fail To Break Down East-West Barriers

By JOHN M. HIGHTOWER

GENEVA (AP)—The Big Four foreign ministers failed completely today to agree on any steps for breaking down East-West barriers. Western spokesmen blamed the breakdown on the Soviet government's determination to keep its people insulated.

Soviet Foreign Minister V. M. Molotov made a last ditch effort to work Red China into some international organization by getting the Big Four to agree that all states ought to belong to such organizations as the International Labor Office. This and all other Molotov proposals in this field were turned down.

For his part, Molotov rejected Western efforts to open Soviet borders to the free flow of information and free movement of people. He turned down a proposition by French Foreign Minister Antoine Pinay which Pinay said would facilitate post-Geneva negotiations on improving East-West relations.

Time Is Not Ripe
British Foreign Secretary Harold Macmillan said if the Soviets were not able to agree to the French proposition he thought it would be better to abandon attempts to reach some sort of agreement here which would be meaningless. Molotov said probably the time is not yet ripe to reach four-power accord on increasing trade, travel and information contacts.

American Press Officer Henry Suydam said the subject of East-West contacts might come up again. Nobody seemed to know whether it would. However, the general expectation was that the four would return to the topic of German unification and European security and deal with Russian proposals for reduction of troops in Germany and a nonaggression pact between the Warsaw and Atlantic alliances.

Last Session Tomorrow
The last session is scheduled for tomorrow.

U. S. Secretary of State Dulles, speaking for the three Western ministers, declared the isolation of the Soviet peoples from outside

ideas and influences is "in our opinion a very dangerous condition."

He said Molotov's proposals, allegedly to broaden East-West relationships, would in fact "perpetuate what we deem to be a very great danger to peace and to good understanding among peoples."

Meanwhile Western officials are making a play, without much hope of success, for the abandonment by Russia of her sales of discarded World War II equipment to trouble spots of the world.

Dulles focused public attention on the subject yesterday after twice being brushed off in private by Molotov.

The jury hearing the Bonnie Lee Howard case spent two hours in discussion and returned to the courtroom once for more details. The case involved the theft of two pairs of pants from a Puerto Rican labor camp. One pair was dropped by the thief in his flight. Testimony showed no one clearly identified Howard as in the camp, but a hat which he was alleged to have been given by another worker, and which, according to testimony had been worn by several men at varying times, was found in the Puerto Rican camp after the theft was discovered. Sheriff Dorsey J. Schultz clapped the hat on Howard's head and told him he was free after the jury returned its verdict.

MARRIAGE LICENSE

A marriage license was issued by the clerk of courts today to Charles W. Sabald, son of Mr. and Mrs. Douglas W. Sabald, of York, and Miss Dorothy M. Krepps, daughter of the late Mr. and Mrs. Paul H. Krepps, of McSherrystown.

STEVENSON IS CANDIDATE FOR NOMINATION

CHICAGO (AP)—Adlai E. Stevenson today said "I shall be a candidate for the Democratic nomination for president next year."

Stevenson, his party's 1952 candidate for president, issued a statement saying:

"I shall do all I can to persuade my party to entrust that immense responsibility to me again."

CHICAGO (AP)—Adlai E. Stevenson was expected to formally announce today that he is a candidate for the Democratic nomination for president in 1956.

Those close to the 1952 Democratic presidential standard bearer said the statement—which Stevenson is to read to newsmen at the Conrad Hilton Hotel—will announce that he is a candidate.

The statement will reveal his political plans and outline briefly his philosophy of government, but he will answer no questions. He will hold a news conference tomorrow.

At that time, he is expected to announce the selection of James A. Pinnequin of Philadelphia, present Pennsylvania secretary of the commonwealth, as his campaign manager. This is regarded as a peace move toward those party leaders who favored Pinnequin as Democratic national chairman over Paul M. Butler of Indiana, elected a year ago. Butler was Stevenson's choice succeeding Stephen Mitchell.

In New York last night Archibald S. Alexander, New Jersey state treasurer, said he will either resign his post or take a leave of absence about Dec. 1 to campaign for Stevenson.

Alexander, as chairman of the New Jersey delegation to the 1952 Democratic National Convention, was instrumental in swinging the state's votes to Stevenson, a personal friend.

The Stevenson statement comes as members of the Democratic National Committee and other prominent party members from

Court Ponders State, U. S. Sedition Laws

WASHINGTON (AP)—The Supreme Court today takes up the case of Communist leader Steve Nelson to decide whether enforcement of state sedition laws is barred by the federal Smith Act.

Oral arguments were to supplement those set forth in written briefs filed in advance with the court.

Nelson, former chairman of the Communist Party of Western Pennsylvania, was convicted in a state court in Pittsburgh on charges of violating the Pennsylvania sedition law.

He got a 20-year sentence, but Pennsylvania's Supreme Court set aside the conviction. It said that sedition against the United States is a federal offense that can be prosecuted in federal courts only.

The state of Pennsylvania is appealing to the highest tribunal to overturn this decision.

FINANCE EXPERT BLASTS UTILITY

HARRISBURG (AP)—A Public Utility expert today described an income tax provision made by the Pennsylvania Power and Light Co. in figuring its rates as "completely contradictory."

Charles W. Smith, Baltimore, former chief of the Bureau of Accounts, Finance and Rates for the Federal Power Commission, told the Public Utility Commission that "to show a provision for deferred income taxes as both a surplus and as an expense on the income statement and balance sheets is a complete contradiction."

Smith explained that he considers the 1 1/2 million dollar item a tax saving rather than a deferred charge.

Smith appeared at a hearing in a complaint filed against the Pennsylvania Power and Light Co. by 23 industrial customers who seek lower rates.

He testified on behalf of 11 Lancaster County complainants on the general topic of the impact of income taxes on consumer rates.

Killer Of Minister Gets 5-10 Years

PHILADELPHIA (AP)—James Morrison, 26, convicted of the murder of an Episcopalian minister, has been sentenced to five to ten years in Eastern State Penitentiary.

Rev. Dr. Benjamin H. Bissell, 59, assistant rector of St. Peter's Church here, was beaten to death in his apartment last December. Morrison waived a jury trial and Judge L. Stauffer Oliver found him guilty of murder in the second degree "because there was no intent to kill the man."

Morrison's arrest came about when he smashed Dr. Bissell's stolen automobile into a wall and a routine police check revealed the minister's body.

Morrison admitted beating Dr. Bissell after what he said was an all night drinking bout.

Plane Crash-Lands; Minor Injuries

NEW CASTLE, Del. (AP)—A two-engine Allegheny Airline plane—with no passengers aboard—made a forced landing at New Castle County Airport yesterday.

Three pilots were in the plane, a Martin 2-0-2, on a training flight practicing takeoffs and landings. The left engine caught fire and the plane was brought down in an emergency landing.

As it touched the runway, the left landing gear weakened and collapsed. The plane skidded to a stop, one wingtip on the ground.

One pilot, Willis Petrie, stationed at Pittsburgh, suffered minor injuries and was taken to an Air Force base hospital nearby. Airport officials said Petrie jumped from the plane while it was still moving.

The other two pilots were Richard Bazley, Pittsburgh, and Fred McDonald, Newark.

AT COMING OUT

WASHINGTON (AP)—The lady who plans 90 per cent of the debuts in Washington likes them conservative and quiet.

"I don't like a splash nor do the mothers want anything spectacular," she told me.

Year in and year out, said Mrs. Kurt Hetzel, "no one here tries to outdo the other. They all cooperate to make it a gay time for the debutante. And that is important, for in any life there are enough problems and hardship. Making a debut should be a beautiful time. That's what we try to make it for them."

Of course they like to make each party different by means of decoration, change of place or a new orchestra, she said.

Remains In Background

Mrs. Hertz is so conservative she likes to be in the background so much she'd rather not be quoted, but she readily talks about "the well behaved young people who attend debutante parties."

She said the girls more and more go for short but formal frocks, chiefly because the shorter gowns make dancing easier. Often, she said, only the debutante who is being introduced to society wears a long dress. As for high heels or low, the division is about 50-50. But the ebouquets are getting smaller. Frequently the debutantes choose wristlets of carnations or tiny roses in color.

Betty Beale, society columnist for the Washington Evening Star, called to my attention the fact that there are so many debutantes here now that debuts are made both during the Christmas, or winter season, and in June.

This year society reporters predict more parties than the usual three a day for girls like Mimi MacArthur, who is being introduced to society at a Thanksgiving Day tea by her parents, Douglas MacArthur II, State Department counselor, and Mrs. MacArthur. Mimi, whose real name is Laura, is granddaughter of Sen. Alben Barkley (D-Ky) and great-niece of Gen. Douglas MacArthur.

Thanksgiving night will be in the newest and largest ballroom here. Debutantes will wear white by custom, and post-debutantes will wear black. A floor committee of 80 young men will keep this invitation-only Thanksgiving dance going smoothly, and Mrs. Dwight D. Eisenhower will head the sponsors for the event, which will benefit the Damon Runyon fund for cancer research.

Among the debutantes making bows here Christmas week are Jane Casey, daughter of former Rep. and Mrs. Joseph Casey, and Patricia Galvin, daughter of the former undersecretary of labor and Mrs. Michael J. Galvin, of Newton Center, Mass.

TRY TO DEVISE
SEPARATE FUEL
TAX FOR PLANES

HARRISBURG (AP)—A move was underway today to reduce the state tax on aviation fuel from 6 cents a gallon to 1½ cents per gallon.

An administration bill submitted yesterday by Rep. Readinger, House Democratic leader, would remove aviation fuels from taxation under the present liquid fuels law and would establish a separate aviation fuel use tax.

At present, aviation fuel is taxed by the state at the same six cent a gallon rate as other liquid fuels, such as gasoline.

Requires Licensing

The proposal would also require state licensing of any person who delivers or places aviation fuels in aircraft tanks.

Proceeds would go into the Motor License Fund to be used for the administration and enforcement of aviation laws, purchase of air navigation facilities and installing, improving maintaining or operating such facilities.

Other bills introduced in the House yesterday would:

Require additional state inspections of commercial motor vehicles involved in accidents causing over \$100 damage—Moran (D-Allegheny).

Makes Lending Illegal

Make it illegal to lend any learner's permit to an unlicensed driver—O'Neil (D-Clearfield).

Transfer the nursery operated by the Highways Department near Milton to the Forests and Waters Department—Snider (D-Fayette).

Require motor vehicles to display lights from one half hour after sunset until one half hour

before sunrise rather than an hour after the former and an hour before the latter—Boies (D-Allegheny).

Remove Authority

Remove the authority of local governments to declare no passing zones on certain highways—Boies.

Limit the removal of abandoned or wrecked cars by police officers to cases where the owner is absent or unable to direct the removal—Garlock (D-Fulton).

Permit the state insurance commissioner to suspend out of state insurance companies for specific reasons—McGee (D-Phila).

Much Haste Makes
Expensive Waste

DETROIT (AP)—John R. Smith overslept when he was due in traffic court. So he tried to make up a little time. He was nabbed by police who accused him of driving 55 miles an hour. They gave him an escort to traffic court, where they charged him with reckless driving.

On the original charge—interfering with traffic—Smith was acquitted. On the new reckless driving charge Smith was convicted, fined \$50 and his driving license revoked for two years.

Wary Tourist Finds
Real Hot Fire Water

NOGALES, Mexico (AP)—An American tourist came into a liquor store in this border town and asked the proprietor to show some of his wares.

He brought out some bottles, and she asked if they were really 100 proof, as the label said. "Test it," he said.

The woman held a match to the neck of the bottle. She went to the hospital with severe burns.

PRINCE CHARLES
SEVEN TODAY

LONDON (AP)—Prince Charles, the heir apparent to the British throne, celebrated his 7th birthday Monday.

The youngster awoke early at Windsor Castle, where he has been spending the weekend with his mother, Queen Elizabeth II, and his father, the Duke of Edinburgh, and began unwrapping presents after breakfast.

One present was a day off from school for the youngster with the infectious grin and shock of tousled blond hair. As usual, the royal family's gifts to Charles were not announced.

The prince's mother and father carefully kept their day free from royal engagements to spend their time with him and Princess Anne, his 5-year-old sister.

Flags flew from the nation's public buildings in honor of the event and small crowds gathered at vantage points to catch a glimpse of the young prince as he drove from Windsor Castle to Buckingham Palace for a birthday tea.

Twenty-five children — boys and

girls who join Charles and Anne at their palace dancing classes and other friends from houses the royal children have visited — were invited.

May Have To Support Leader Tax Program GOP Announces

HARRISBURG (AP)—Rep. Smith, House Republican floor leader, said today Republicans may have to support "any reasonable" tax program proposed by Gov. Leader.

Without committing himself on a reported administration plan to ask for a 2 per cent levy on net income, as determined by federal deductions, Smith said:

"We can't insist on a sales tax any more since the governor says he would veto it. We had asked him to meet his tax responsibilities and apparently he is going to do so."

GOP Lends Support

The House GOP chief said that his party's support of any Leader tax program would be limited to providing enough votes to help pass the legislation in the Republican-controlled Senate.

Smith statement was the first open declaration that his party may be coming in on its complete antagonism to Democratic tax plans.

The governor summoned his advisers for a meeting today to discuss further a new tax program as a substitute for the classified income tax defeated by Senate Republicans last August.

Speculation Stage

An administration source, who declined quotation by name, said these are the two parts of the tax program now under discussion but emphasized that it was strictly in the speculation stage:

1. A 2 per cent net income tax to raise 350 million dollars between now and May 31, 1957. The levy would in effect provide for dependency exemptions and deductions for such items as interest costs, other taxes, medical expenses and unusual losses as allowed in federal income tax returns.

Twin-pronged Program

2. A 1 or 2 per cent levy on the business a Pennsylvania wholesaler does with a manufacturer. The yield on such a levy is still uncertain although estimates range as high as 100 million dollars.

BROADEN BAN TO CLEAN UP 'SMUT' COMICS

WASHINGTON (AP)—The General Federation of Women's Clubs is broadening its nationwide drive against horror and sex comic books to include "smut magazines."

The campaign to clean up the comic books is vigorously sponsored by Mrs. Theodore Chapman, Jerseyville, Ill., president of the world's largest organization of women.

The success of this campaign, now about 18 months old, is encouraging the clubwomen to go after "another empire of puerility"—the pornographic magazines.

Decries Effects

The current issue of the clubwoman, the Federation's monthly magazine, calls attention of the organization's 16,000 member clubs to "morals at stake on your new-stands."

Describing pornography as a multimillion-dollar vice enterprise, the magazine says, "Many of our new stands are selling publications that are subversive to good morals and faith, debasing and degrading to susceptible youth."

The drive against the objectionable magazines is headed by Mrs. Walter V. Magee, Lakewood, Ohio, chairman of the club's civic affairs department, who has headed the comic book campaign.

Dislikes Censorship

The Federation definitely does not believe that censorship is the answer to the magazine problem. "Failure to enforce laws now on our books is our chief stalemate, not creation of

UNIT REPORTS DISEASE CUT FROM VACCINE

By ALTON L. BLAKESLEE

AP Science Reporter

KANSAS CITY (AP)—Even a single shot of Salt polio vaccine sliced paralytic polio this year 50 to 80 per cent, an official preliminary government report declared today.

The report was called "awfully good news. The vaccine works." It comes from a special Public Health Service surveillance unit summarizing all the detective work to learn what actually happened to children who had one or more polio shots, compared with those who had none.

Provides Better Protection

Children taking the prescribed second and third shots should get even better protection, said Dr. Alexander D. Langmuir, of the health service's Communicable Disease Center (CDC), which reported the study.

Since the middle of May, there has been no evidence that any vaccine in use was not safe, the report said. Government safety standards on production of vaccine were revised and tightened early that month.

Some polio experts say the results are so good that all available vaccine might best be used to give single shots immediately

to as many children as possible, rather than giving a series of three shots to a smaller number of children.

Approve Doses

Roughly 25 million doses of vaccine have been approved and released by the Public Health Service for use.

They argue that single shots, spread as quickly as possible among the estimated 60 million persons under age 21, would be the fastest way of building up immunity to curb or prevent polio epidemics. In a short time, they foresee eradication of polio.

Other polio experts disagree that widespread single shots first would be the best method, or that quick eradication is possible.

A few are critical of the vaccine itself, or urge a go-slow policy.

Present New Report

The new report on vaccine effectiveness was presented to the American Public Health Assn. by Dr. Langmuir, Dr. Neal Nathanson and William Jackson Hall, Ph. D., of the Polio Surveillance Unit and CDC.

This unit was set up last April 28 in the CDC after reports of polio connected with use of some lots of vaccine from the Cutter Laboratories, Berkeley, Calif. Its staff made studies and summarized studies from health officials in various states as to what happened to vaccinated and nonvaccinated children.

"Tentative results, subject to modification and revision, reveal that the attack rates for paralytic polio are from two to five times

Dogs Get Sitter By Court Order

DETROIT (AP)—Because he can't keep his mouth shut when he's alone, Stubby is going to have a sitter — by court order. Stubby is a 10-year-old mongrel dog. Neighbors complained that for seven years Stubby had set up persistent barking whenever left alone by his owner, Miss Nollie J. Conner. One neighbor, Arnold Benes, suggested a dog sitter whenever Miss Conner left home. The judge agreed. So did Miss Conner.

MORE JAPANESE JOBS

TOKYO (AP)—Japan now has 42 million persons gainfully employed, the Statistical Bureau reports. There are 710,000 unemployed, a decrease of 10,000 from the summer figures.

greater in the unvaccinated than the vaccinated children," the report said. "Less marked but favorable differences are reported for nonparalytic cases."

Suspect Foul Play In Fire Death Of 2 Young Brothers

ALLENTOWN, Pa. (AP)—Police today investigated the possibility of foul play in the death of two young brothers in a fire-razed shack which had been used as a clubhouse by teen-agers.

Firemen who were called to quell the blaze in the padlocked shack yesterday discovered the burned bodies of William Stengele, 8, and his brother David, 6.

They were identified by their mother Mrs. Adele Stengele, 26, from bits of clothing found in the ruins.

Coroner Clayton O. P. Werley withheld a certificate stating the cause of death pending an autopsy today at Allentown Hospital.

Mrs. Stengele first missed her children when they failed to return from school for lunch with their brother Dale, 7. She learned of the tragedy while searching the neighborhood.

Her husband Roland, 27, a laborer at the Bethlehem Steel Corp. plant in nearby Bethlehem, was at work.

A woman noticed the shack was on fire and called firemen. They put out the blaze by dumping the structure on its side into a creek running along side of it. That's when they discovered the bodies.

Police found a red smear on a stone wall near the shack. It was being analyzed to determine if it was human blood.

Four of the teen-agers who used the shack were questioned by police. One reported that he and his companions looked the door Sunday night shortly after dark before leaving for the night.

When firemen reached the scene yesterday, the one door on the shack was secured by three closed

padlocks, all on the outside. Police said the children might have gotten in by crawling through a loose section.

Itinerant Carries \$646 In His Pockets

OMAHA (AP) — The cops found \$646.11 in cash in the pockets of Angelo DeMelelo itinerant railroad worker. They took him to the station for "safekeeping."

Angelo was asked by Judge Patrick O'Connor why he didn't put his money in a bank. He replied:

"It is too much bother to write checks. I am no criminal. I am an American. We Americans have freedom to do as we wish as long as we obey the law. Yes?"

Police quickly released him.

BUCHAREST, Romania (AP) — The Romanians think they have found an industrial use for the horse chestnut, now scattered along the streets of this capital.

The newspaper Stengul Rosu reports experiments to extract industrial alcohol from wild chestnuts, substituting for important quantities of corn and potatoes as raw materials.

Texas Eastern helps put in the "curl-ability"

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU

Gas-fired annealing furnaces put the "curl-ability" into collapsible metal tubes made by A. H. Wirz, Inc., for scores of manufacturers of nationally distributed products. Gas is supplied this century-old Chester, Pennsylvania, firm by Philadelphia Electric Company, a customer of Texas Eastern.

Texas Eastern transports natural gas via pipeline from the Southwest to serve many Eastern industries as an ideal "tempering" fuel. For example, did you ever wonder what put the "curl-ability" in your toothpaste or shaving tube? When first extruded from aluminum blanks, these tubes are stiff. After being passed through a four-stage, continuous annealing furnace they are soft and pliable. Gas is used in this annealing process because the required critical temperatures can be accurately controlled. In addition, gas is economical. Texas Eastern makes natural gas abundantly available to homes and industries in Midwestern, Appalachian and Eastern Seaboard areas.

Bails Out At Sonic Speed; Wants To Fly At 2,000 MPH

LOS ANGELES (AP)—That day 8½ months ago started ordinarily enough for George Smith. Before it was over he became—painfully—the first pilot to bail out of a plane traveling supersonically and live.

The whites of his eyes were left bloodshot solid red. He bled in all parts of his body as his parachute snapped open. It is estimated he was subjected to a decelerative force of 40 times the pull of gravity. The 40 G's increased Smith's weight from 215 pounds to the equivalent force of 8,000.

The rush of air going by at nearly 800 miles an hour sounded to him like a continuous barrage of heavy guns.

Out Just In Time

If he had bailed out just two seconds later—at the estimated 5,500 feet altitude—his parachute wouldn't have had time to open.

His injuries and subsequent illness cut his weight to 175.

After months of treatment his right knee is a little stiff. Damage to his liver means he never can touch anything alcoholic.

And what does the 31-year-old North American Aviation Co. test pilot want to do next? Fly a plane 2,000 miles an hour.

Jump Held Secret

He and the Air Force disclosed yesterday his historic jump from the super Sabre Jet last Feb. 26. The security classification secret had been removed after medical experts studied the case.

At 35,000 feet above the ocean, Smith said, the plane began to nose over. The control stick was jammed fast.

"The last thing I remember was the meter in front of my face reading faster than sound. The next thing was waking up in the hospital five days later."

Clothing Destroyed

Smith was picked up by fishermen aboard a nearby cruiser. His shoes, socks, helmet and mask were gone. His clothes were in ribbons.

His arms had flailed so violently that his wrist watch, tightfitting gloves and a ring on his finger had shaken off. He was blind several days. Surgery was required on his intestine.

Proposes Aid To Homes, Institutions

HARRISBURG (AP)—Chairman Polen (D—Washington) of the House Appropriations Committee last night introduced an administration bill detailing proposed state aid to more than 85 homes and institutions throughout the state.

The appropriations total three-quarters of a million dollars, the exact figure suggested by Gov. Leader in his original budget.

The sum is almost \$102,000 above the 1953-55 fiscal period. In the original budget request the money was not broken down by institution.

The bill was sent to the Appropriations Committee.

Thaw frozen scallops, drain and bread. Fry in shallow hot fat and serve with crisply-cooked bacon and cole slaw for lunch.

Emmitsburg LOW TAX RATES ARE CONTINUED

Emmitsburg property owners will continue having one of the lowest tax rates in the county as the result of action taken at the regular meeting of the Mayor and Commissioners held on Monday. The Council unanimously agreed to retain for the next year the same rate that has prevailed for the past decade, 50 cents on the \$100.

Parking procedures on Federal Ave. between De Paul St. and E. Main St. have been reversed. Parking on the east side of the street is prohibited, and room has been set aside for parking four cars. Two hour parking there will be permitted. Plans are under way for widening that area in the near future.

The reports of the secretary, treasurer, and tax collector were presented by the town clerk, Miss Louise Sebold, and were approved as presented. Parking meter revenue for October was reported as \$300.75. In addition, there was \$26 in overtime parking fines and one traffic fine of \$5.75.

Sewerage Survey

Council ordered paid a bill of \$2,100 charged by a Baltimore engineering concern for a recent survey of additional Emmitsburg's sewerage facilities. A new section of sewer line was approved for the Federal Ave. area and work was scheduled to begin as soon as possible.

Street Commissioner Charles R. Fuss reported that several alleys will be stoned and resurfaced in the near future. It was reported that the

alley running parallel to the B. H. Boyle and Edward Ling property will be widened and also surfaced, and also the alley east of this street.

At the regular meeting of the Emmitsburg Girl Scouts held in the basement of the Legion last Friday, the following officers were elected: President, Linda Bowers; vice president, Alice Sherwin; treasurer, Patricia Martins; secretary, Julianne Clark.

Three troops held individual elections for names of their respective groups. Troop 1 was called "Thrivers," with Joyce Knott as treasurer; Troop 2 was dubbed "Beavers" and chose Patricia Roddy treasurer, and Troop 3 selected "The Blue Jays" and chose Jean Marie Herring treasurer. Judy Keilholz gave a brief report on "The Care And Uses Of The American Flag," and Patricia Martins showed several drawings from "Lady And The Tramp." The refreshment committee consists of Patricia Van Brakle, Dorothy Shorb and Theresa Weeden.

John M. Roddy III, son of Mr. and Mrs. John M. Roddy Jr., and a senior at St. Joseph's High School carried off second honors in the county-wide "Voice of Democracy Contest" held Wednesday night in Frederick.

The contest was the ninth in an annual series sponsored by the National Association of Radio and Television Broadcasters, Radio Electronics-Television Manufacturers' Association, and the U. S. Junior Chamber of Commerce.

Contestants were chosen from their respective Frederick County Schools for their originality, delivery, and content. Roddy was awarded a \$10 prize and a certificate of achievement. Judges were from Camp Detrick, Hood College, and Frederick.

LITTLESTOWN CHURCH ANNIVERSARY

PASTOR CHARLES ROBIE

LITTLESTOWN — This week of November 14-20 is becoming an outstanding one in this community. During this time the ASSEMBLY OF GOD CHURCH is celebrating her

FIRST ANNIVERSARY of service to this area. Begun November 14, 1954 in the former Regent Theatre, Littlestown, this church has enjoyed a memorable first year. Constantly she upholds the true Christian message. Her field of labor has been and will continue to be among those who need spiritual and physical help, excluding no man.

Keynoting the anniversary is a strong emphasis on prayer. Last night, tonight and Wednesday evening are witnessing prayer services in several homes of this area. All will join in a final prayer and praise service at the church on Thursday evening at 7:30.

OUTSTANDING FEATURES ARE PLANNED FRIDAY - SUNDAY. The public is invited to all services. REV. FLEMING VANDERMEER, district presbyter and radio preacher from Waynesboro, Pa., will conduct the Friday service at 7:30 p.m. Accompanying him will be several members of his radio team. Saturday, 6:00 p.m. and 8:30 p.m. will feature a double showing of the BILLY GRAHAM EVANGELISTIC FILM in full color, "OILTOWN, U.S.A." Sunday services list Sunday School at 9:45 a.m.; the first morning worship of the church at 11:00 a.m.; and final anniversary service at 7:30 p.m. The EASTERN BIBLE INSTITUTE "GOSPEL HERALDS" will be featured in all Sunday services.

Pastor Robie thanks all those who have helped make year number one a success. He looks for a progressive future with God's help and your co-operation. He leaves this word, "THANK YOU, AND THANK GOD FOR HIS GOODNESS."

the film "Mr. Texas," is featured in the new release along with professional Hollywood players Colleen Townsend Evans, Georgia Lee, Paul Power, Robert Clarke and the stars of "Mr. Texas," Reddy Harper and Cindy Walker. "Oiltown, USA" is in natural color and is approximately ninety minutes in length.

Airport Seagulls Prove Hazardous

DAYTON, Ohio (AP)—Got any surefire ideas for keeping seagulls away from airport runways? If you have, the Air Force would be glad to listen.

A primary cause of a recent accident at Logan Airport, Boston, the Air Force has decided, was an airplane-seagull collision.

Finding that the Royal Air Force of Great Britain uses mothballs scattered on runways to drive off the pesky gulls, the U. S. Air Force is considering adopting the same method.

SENATE LEADERS URGE SALES TAX TO SOLVE CRISIS

HARRISBURG (AP)—Senate Republican leaders insisted Monday only the sales tax can provide the basis for a tax package to solve the commonwealth's financial dilemma. The renewal of their position came as the Legislature ended a three-week recess amid reports that Gov. Leader was planning to introduce a new \$25 million dollar tax program within 10 days.

Sen. Mahany, Senate Republican floor leader, said he could not see the 26-vote GOP majority accepting any form of income tax, declaring:

To Balance Budget

"Let's pass a 2 per cent sales tax and perhaps one or two other smaller taxes to balance the budget and adjourn the Legislature quickly," he said in an interview. "We can also start the ball rolling for a constitutional amendment for a graduated income tax which could go into effect four years from now."

Mahany made the statement after Republican Senate and House leaders met at Hershey Sunday night to discuss party strategy on the vexing tax problem. No decision was reached at the parley.

Gov. Leader said over the week-end Democrats may evolve a new tax package of 8 or 10 levies from a list from available taxes listed by the Pennsylvania Economy League, a private organization which makes a study of government costs.

Bank On Democrats

Meanwhile, Rep. Readinger House Democratic floor leader, said he hoped Democrats would be able to come up with a new tax program soon to replace the \$11 million dollar classified income tax killed off by the Senate last August.

Readinger gave no hint as to the nature of the substitute program but he ruled out a possible income and sales tax combination as well as "some kind of rumors about a manufacturer's tax and some kind of income tax."

There were no signs that Republicans and Democrats would get together on compromise tax conferences. Such sessions prior to the Nov. 8 election broke down in a name-calling exchange.

Pittsburgh Support

In Pittsburgh, Edward L. Flaherty, Allegheny County GOP chairman, said his party should go along with any Leader tax program because of Democratic election gains last week.

John M. Walker, former state senator who opposed an income tax in 1951 and now an Allegheny County commissioner, said he would oppose any income levy and that Flaherty did not speak for him.

Behind the new flurry on taxes is the grim fact that nearly 100 million dollars in state school subsidies due school districts in October and November are being held up until a tax program is devised.

Some types of insanity in a child can be mistaken for mental deficiency.

Montgomery Co. Site For Aviation Plant

FORT WASHINGTON, Pa. (AP)—The National Aeronautical Co., Ambler, Pa., manufacturer of aviation electronic equipment, Monday announced the purchase of a tract in Fort Washington Park, Montgomery County, for construction of a new factory.

Elmer F. Hansen, president, said present plans call for moving of all manufacturing facilities into the new plant. Total employment will eventually total 1,000 persons. The purchase price for the six acres was not announced.

SHOOTS WIFE, STABS 2 SONS

SPRINGFIELD, Mass. (AP)—Police said Monday a business executive killed his wife and two young sons and then took his own life because of concern over admitted embezzlements and loss of his job. Authorities said they have established that Allison R. Sanger, 47, shot his wife of 21 years, Winifred, and stabbed to death their two sons, Allison Jr., 14, and Russell, 9, before he shot himself to death.

Medical Examiner William A.R. Chapin said the deaths in the Sanger residence occurred between 9 p.m. and midnight Saturday night.

Discovered By Newsboy

A newsboy who wondered why nobody answered his ring, peered into a window and discovered the tragedy Sunday.

Sanger was vice president and general manager of the Brooks Co. Inc., a printing concern. He had been employed by the company for more than 25 years. His salary was listed as between \$25,000 and \$30,000 a year.

J. Loring Brooks, president of the company, said that last week Sanger admitted to him he embezzled about \$60,000 from the company over the past five to 10 years.

Brooks said an "honest error" came up in the company's book-keeping system and Sanger was questioned about it. "Obviously," Brooks said, "that led Sanger to believe we had uncovered his embezzlements."

The admission led to his discharge.

SCOUT ADMITS KIDNAP HOAX

CHICAGO (AP)—A Boy Scout admitted to police early Monday his story of being slugged and abducted was a hoax concocted to "give some hope" to the mother of two slain boys.

"I got the idea watching a television crime show," said 14-year-old Tom Fijak. Sheriff Joseph Lohman said Fijak broke down after several hours of questioning.

Fijak was a friend of John, 13, and Anton Schuessler, 11, who were found brutally slain with Robert Peterson, 14, nearly a month ago. He served as a pallbearer at the brothers' funeral.

Fijak told police he hit himself with a brick to add realism to his kidnap-slugging yarn. A hospital examination failed to disclose any bumps or lacerations.

Faked Entire Incident

Lohman said Fijak told him he faked the entire incident because he thought his story "might give her (Mrs. Eleanor Schuessler) some hope."

Lohman said he presumably meant that he wanted to reassure Mrs. Schuessler that the triple slaying still would be solved.

The admission came several hours after he appeared apparently injured and crying at a police

station several miles from his northwest side home.

Fijak, a high school freshman, said he was home alone watching a television program when the idea came to him.

It was a movie, he said, starring the "Dead End Kids" and it depicted a crime similar to the slaying of the three boys.

More than 5,000 different kinds of sulfa have been manufactured.

Richmond Lawyer Is Still Top Checker Man

BUENA VISTA, Va. (AP)—A. Ellis Baker, Richmond lawyer, has retired as Virginia checker champion—but he is still top man.

Baker, who held the title for six years, relinquished it at the tournament here, but in an exhibition he beat both E. F. Chandler, of Richmond, the winner, and A. M. Simpson, of Danville, the runner-up.

U.S.S.R. REFUSES 4-13 DEAL ON U.N. MEMBERSHIP

By JOHN M. HIGHTOWER
GENEVA (AP) — Russia has refused a 4 to 13 package deal on U.N. membership, Western officials reported Monday.

V. M. Molotov is insisting that Outer Mongolia be included in Communist countries to be admitted to the world organization, making it a deal of five Soviet satellites for 13 Western-sponsored nations — 18 in all, it was reported.

This would bring the U.N.'s roll to 76 members.

The Soviet position was reported to have been made clear in a two-hour talk Sunday between Molotov and U.S. Secretary Dulles.

West Divided
The Western powers were reported divided on these lines:

1. The United States, Dulles told Molotov, is prepared to abstain from voting against the admission of four Communist states — Romania, Hungary, Bulgaria and Albania. At first he strongly objected to including Albania, but finally gave way on that point.

Speaking of Outer Mongolia, however, one American informant said "how can they expect us to accept as qualified for U.N. membership a country which doesn't seem to have an ambassador in Moscow?"

British Favorable
2. Britain is willing to accept all five of the Soviet candidates.

3. France considers the whole deal should be put on the shelf as long as the Algerian item is still on the U.N. General Assembly's agenda. She walked out of the Assembly when the item was voted onto the agenda.

U.S. Drops Opposition
An announcement by Henry Cabot Lodge Jr., chief U.S. delegate to the U.N. in New York Sunday that the United States had dropped its opposition to Albania, Hungary, Romania and Bulgaria, came about 12 hours after Dulles completed his talk with Molotov. Lodge said the United States would also abstain on Outer Mongolia's application, but that he doubted that that country would get the necessary seven votes on the Security Council anyway.

He acted more quickly than U.S. officials here expected he would — apparently to get the American position on the record before the Russians could grab the play. In return 8th graf N24

DIPLOMATS VISIT SCHOOL

Kenneth Elbert, 8, tells diplomats Samir Ahmed, center, of Egypt, and Sandor Kormos, of Hungary, about his third grade class in Silver Spring, Md., Wednesday. Kenneth explains how pupils make dolls and posters to dramatize stories read in the class. Kormos holds a copy of a Davy Crockett book. Diplomats from 12 embassies visited the school to see how U. S. children are taught. (AP Wirephoto)

ADONIS AGREES TO DEPORTATION

WASHINGTON (AP) — Racketeer Joe Adonis agreed Monday to deport himself by Jan. 1. In return for that move he will be allowed to avoid serving a prison term for perjury.

Adonis' attorney, William H. Collins, told reporters that the racketeer, whose real name is Joseph Doto, intends to go to Italy.

Adonis was sentenced in April, 1954, to serve eight months to two years in prison for swearing falsely before the old Senate Crime Investigating Committee.

Charged With Lying
Adonis was specifically charged with lying when he told the committee he was a United States citizen.

Judge Walter M. Bastian of the U.S. Court of Appeals, sitting in district court, Monday changed Adonis' sentence to probation for five years.

He stipulated that Adonis leave this country by Jan. 1, and not return during the period of probation. The judge also stipulated that Adonis, when he leaves this country, not go to Canada or Mexico

Cadillac Salesmen Strike Is Ended

NEW YORK (AP) — The world's best-paid strikers last night unanimously ratified their first contract with the world's richest corporation. Their union said they got what they wanted.

Eighty-four New York area salesmen with an average yearly income of \$17,000 — and some reaching \$40,000 — struck the Cadillac Division of General Motors Corp. Oct. 27.

A spokesman for the AFL International Brotherhood of Teamsters said the contract provides for no discharge except for cause, no transfers, layoffs on a seniority basis, a 40-hour week and a guaranteed commission of \$100 per sale, or any nearby island.

Judge Bastian told Adonis that he wouldn't grant him probation to escape serving the prison term except for his agreement to leave this country voluntarily.

BROOKLYN (AP) — The Duke Sniders will celebrate two birthdays instead of one next Sept. 19. The 29-year-old Dodger outfielder's second son, Kurt Brian, was born on Sept. 19. That's Duke's birthday, too.

LINK GOVERNOR, MISS TRUMAN IN NEW ROMANCE

TRENTON, N.J. (AP) — The burning question about the New Jersey State House these days is whether Gov. Robert B. Meyner, handsome bachelor, and Margaret Truman are serious about each other.

Meyner will admit no courtship with the daughter of former President Harry S. Truman. Nor will she be drawn out by questions concerning Meyner.

But, to the romantic minded, all the signs are visible.

The two have danced together, gone to dinner and the theater, visited each other, and attended the Princeton-Yale football game Saturday.

It was that football game that increased the speculation. On the way to Palmer Stadium in Princeton, Meyner and Margaret stopped off to look at Morven, the colonial mansion that will become the governor's official residence in a few months. Meyner gets irritable when he

U. S. AND REDS WILL CONFER ON U.N. MEMBERSHIP

By TOM HOGE
UNITED NATIONS, N.Y. (AP) — The United States and Russia aimed at breaking a deadlock over admitting 18 nations to the U.N.

Western sources said hurried arrangements for the talks were being made as attempts to solve the long-standing problem bogged down over U.S. opposition to giving Soviet-sponsored Outer Mongolia a seat.

Meanwhile, two plans were reported afoot to speed U.N. action on membership.

1. The Special Political Committee, in an unusual move, offered special priority to a plan drawn up by Canada and supported by Britain to admit all 18 applicants.
2. Informed sources said plans were under way to call an early Security Council meeting on the question.

Many Prefer Debate
The council could consider the question before it comes up in the Special Political Committee and

is asked about the dates with Margaret. He says they are his private business.

He also says that Margaret is "charming" and "unspoiled" despite the fact that she's a former president's daughter and a stage, radio and television personality. Since he became governor in January 1953, the 47-year-old Meyner has not been known to date anyone but Margaret. He has never been married.

Margaret, 31, has had several other escorts.

3 CITIES GIVEN NEW AIR SERVICE

WASHINGTON (AP) — The Civil Aeronautics Board Monday authorized competitive transcontinental air service for the first time for Denver, Kansas City and Pittsburgh in a major decision in the long-contested Denver service case.

In a supplemental opinion, issued simultaneously, the board authorized a second transcontinental service for Pittsburgh.

United Airlines was authorized to stop at Pittsburgh on its route No. 1, subject to the limitation that all flights serving the Steel City end or begin west of Chicago and stop at Chicago.

Although TWA already provides transcontinental service from Pittsburgh, the board ordered United to supply Pittsburgh "with new and additional longhaul service to points on its route west of Chicago." The board held that the public benefits would outweigh any damage to other carriers.

Break Bobcat Grip With Shotgun Blast
STANTON, Ky. (AP) — A shotgun blast was used to break the unyielding grip of a rabid bobcat on a 15-year-old boy.

Raymond Tharpe was treated for facial and body cuts and for powder burns. He will be given anti-rabies inoculations. Efforts to pull the cat off young Tharpe failed, so Millard Pelfrey, a neighbor, shot the animal. It grabbed a young dog and ran under a house. Pelfrey fired through a crack in the floor to kill it.

HORRIBLE IMAGE
ALBUQUERQUE (AP) — A student in a psychology class described "a dream, a strange image that never seems to change much from night to night, horrible and weird." He asked what to do about it. Dr. David Benedetti answered, "This is outside my province. You are talking about television."

QUOTES FIGURE FOR STATE AID

HARRISBURG (AP) — The Leader administration last night detailed its proposed appropriations to 187 state aided medical and surgical hospitals for the current fiscal period. The total, \$21,782,000, was about 2 1/4 million under the 24 million suggested in the original budget.

Chairman Polen (D-Washington) of the House Appropriations Committee introduced the bill that provides the money based on charity cases handled by hospitals.

"Even with the reduction from the budget proposal the total is five million above the appropriation for the 1953-55 period," Polen said. He explained that every hospital had its suggested grant cut in the reduction which was carried out by changing the formula used to figure the grants.

Now Accredited Hospitals
Originally the money was to be appropriated on a \$7-\$8-and \$9 a day basis for non-accredited hospitals, partially accredited hospitals and fully accredited hospitals. Under the new plan the formula is \$8 for full accredited hospitals and \$7 for others.

Polen estimated that the average increase over the last two years is 30 per cent with some hospitals receiving up to 45 per cent more. The latter cases are in areas of high unemployment and resulting high number of charity cases. The appropriation bill was referred to Polen's committee.

MIDLAND, Tex. (AP) — Somebody broke into Louis Moore's home and stole a wire basket filled with frozen steaks from his food locker. A week later the freezer again was raided. This time the culprit returned the basket — empty.

PROBE PRACTICES OF FISH GROUP

HARRISBURG (AP)—An Ohio management consulting firm will begin a study of the state Fish Commission's business practices within the next four to six weeks.

William Voigt Jr., executive director of the commission, announced the hiring of the firm yesterday and said the object of the move, first of its type in recent commission history, is to improve services to the fishermen of the state.

Voigt said the study will be conducted by Robert Heller and Associates, Cleveland. The maximum fee the commission can pay is \$7,500.

In another development yesterday, Gov. Leader nominated Joseph M. Critchfield, 69, Confluence, as district fish commissioner in that area and asked the Senate for confirmation.

The post carries no salary. The district embraces Huntingdon, Juniata, Somerset, Cambria, Blair,

Appoint Meinhold To Coach Squad

HAZLETON, Pa. (AP)—The Hazleton Hawks today announced the appointment of Carl (Red) Meinhold, former Baltimore Bullet player, as player-coach of its Eastern Professional Basketball League squad.

The 6-foot 4-inch Meinhold played with the team during the 1954-55 season.

Other teams in the league are Sunbury, Williamsport, Trenton, N. J., Scranton and Wilkes-Barre. Play begins Nov. 26.

GOP WOMEN ASK BIGGER VOICE IN STATE PARTY

HARRISBURG (AP) — The State Council of Republican Women readied votes today on resolutions calling for a bigger women's voice in party policies and aimed at bringing more youth in to leadership of the GOP.

Delegates to the 33rd annual convention of the women's group also were set to reaffirm their endorsement of a sales tax to solve the commonwealth's financial dilemma.

Calling for a revitalization of the Republican Party through more women participation in its affairs, a report by the Resolutions Committee asked for a greater voice in the selection of candidates, in

campaign strategy meetings, in policy making and in the selection of party leaders.

Want Young Leaders

The committee also recommended that organizers at the precinct level appoint leaders under 35 to assist in GOP political activity.

In again urging endorsement of a sales tax for Pennsylvania, the resolutions committee said the tax dilemma is "the only pressing and all important legislative problem in Pennsylvania."

The committee said it recognized the need for expanding services in health, education and welfare.

Calls Sales Tax Fair

A sales tax, the committee report said, would not only be fair and equitable but would "also preserve the individual liberties of all the citizens of Pennsylvania who so contribute."

At yesterday's opening sessions, U. S. Sens. James H. Duff and Edward Martin, both Pennsylvania Republicans, distributed "ammuni-

Richard B. Shade, local musician and music supervisor for the North-western School District of York County, who will present a piano recital in Christ Chapel at 8:30 o'clock this evening as a benefit for the charity fund of the Xi Alpha Chi Chapter of Beta Sigma Phi Sorority.

WILD RIDE

NORFOLK, Va. (AP) — The defendant said he fled from officers at high speed because he didn't have a driver's license. He said he resisted arrest because he didn't want to go to jail. He said he was disorderly at the precinct station because he was mad.

Judge Vernon D. Hitchens Jr., gave him \$130 in fines and 60 days in jail.

COLORFUL STOMACH ACHE

KNOXVILLE, Tenn. (AP) — A four-year-old boy was treated at general hospital for a colorful stomach ache. He swallowed a set of water colors.

tion for 1956

"We Republicans have the merchandise to sell this time," Duff said. "This is our day in the sun under the greatest leadership in our generation."

Duff Speaks

Speaking on a "Sound National Policy," Duff said he did not know, however, if President Eisenhower would run for a second term.

"But I am praying to God that he will run—he is the recognized leader of all the free people of the world," he added. The Democrats, he said, "didn't perk up" until the President suffered a heart attack.

Martin told the Council that never before "have we faced a more desperate challenge."

Progress and Prosperity

"We must fight again to consolidate and expand the peace time progress and prosperity which our nation has happily achieved under the Republican administration of President Eisenhower," he asserted.

Martin said the Democratic state administration was one of irresponsibility.

LIKE CHILDREN

VIRGINIA BEACH, Va. (AP) — Baron Silvercruys, Belgian ambassador to the United States who first began serving his nation in Washington in 1919, explained why he seldom makes a speech.

"My thought is that diplomats are like children," he said. "They should be seen and not heard."

WHAT'S IN A NAME?

AKRON, Ohio (AP) — You can't buy a ticket to Canton or Youngstown on the Akron, Canton & Youngstown Railroad. Years ago, when the track was laid across northern Ohio to Akron, it was decided not to extend the line to the other two cities. But the name never was changed.
